- ◆ 6-Cell Lithium Ion 51.8Whr (2.4Ahr) Battery
- ◆ 6.24 lbs. | 2.83 kg (system unit)

Selling Points

1 Fast Multitasking Performance

Intel® Pentium® Dual-Core Processing delivers the power to multitask and use demanding applications while optimizing power.

2GB memory delivers ultra-fast system response for your multitasking demands.

Next-generation Intel® integrated graphics feature rich images and quick action with up to 384MB dynamic video memory.

2 Stay in Touch When On-The-Go

Get some face time during online chats and VOIP conversations and easily take still pictures with the built-in webcam.

Stay connected on-the-go to email, the Internet and all your files with 802.11g wireless and connect to all your favorite external devices at once with 4 USB ports.

Play and record movies and music with the multi-format dual layer optical drive and watch them on the vivid 15.4-inch Ultrabright™ Widescreen display.

3 Go Beyond Everyday Computing

Easily transfer your favorite digital media files with the 5-in-1 Digital Media Manager and save them and other applications to the 250GB hard drive.

Windows Vista® Home Premium with SP1 further improves the reliability, performance, and security of Windows Vista® to best utilize the advanced features and performance of the notebook.

Connect to your financial accounts, create spending reports, manage budgets and create a financial calendar with the integrated Microsoft® Money Essentials.
